

WISCONSIN
UNIVERSITY OF WISCONSIN-MADISON

Dear Brad,

Thank you for supporting your student(s) participation and attendance at the World Food Prize Wisconsin Youth Institute at the University of Wisconsin-Madison, College of Agricultural and Life Sciences. This year's institute will include high school students from eight high schools. I received registrations for the following students from your school:

Grace Harvey

We will begin the day with a light continental breakfast and lunch will be provided during our keynote address. Feel free to arrive anytime during the morning registration time block. We have attached additional documents sharing the day's schedule, a campus map, and a copy of the email being sent directly to your student participants. Please feel free to reshare these documents with your students. Additionally, UW-Madison and the World Food Prize will be capturing pictures and video images to use for future marketing and recognition purposes. We ask that all attendees review and sign the photo permission form. Students under 18 years of age will need a parent/guardian signature. You are welcome to collect and fax these to me prior to the event (608)265-5905. We will also collect completed forms at registration.

We will assist you with securing and paying for your parking. We suggest you utilize parking Lot 36. Visit our campus map link (<http://map.wisc.edu/>) or parking map link (http://transportation.wisc.edu/parking/lotinfo_occupancy.aspx) for additional information. You will obtain a parking ticket when entering the lot, and we will provide a voucher to be used upon departure. You will likely need to go to the upper surface lot at the top of the ramp. If you will be bringing an oversized vehicle or bus, please let us know so alternative arrangements can be made. If Lot 36 is full, the closet lot available is Lot 17. Please let me know if you need additional directions or assistance with determining best parking options.

You will accompany your students throughout the day. Various guests from UW-Madison, the Wisconsin community and the World Food Prize will be in attendance, and there will be some moving around campus for tour stops, thus we ask students and guests to wear comfortable business attire.

As you review these materials and prepare to travel, please let me know if any questions surface. I am best reached via email or my office phone, 608-262-3288. On Monday morning, if you encounter any travel challenges or have an emergency please call my personal cell phone, 608-216-6381.

I look forward to seeing everyone on April 9th. Our morning program will start at 9am. Safe travels to campus!

Sincerely,

Tom Browne

UNIVERSITY OF WISCONSIN-MADISON

Dear ,

We are excited to confirm your registration for the 2018 Wisconsin Youth Institute, a partnership between UW-Madison College of Agricultural and Life Sciences and the World Food Prize. We look forward to hosting you on campus on Monday, April 9, 2018.

We have attached a tentative agenda and outlining the day's activities. We will begin the day with a light continental breakfast and welcome before moving to the roundtable discussions. The roundtable discussion groups will consist of five-six fellow student participants and two to three UW-Madison faculty members or special guests.

You will share a 3-5 minute overview of your paper during the roundtable discussion. You will then be asked a few questions from your fellow student participants and the faculty/guest participants. You are welcome to bring notecards or notes in which to speak from during the sharing time.

Guests from around campus, the Wisconsin community and the World Food Prize will be joining us for the day's activities. We ask students and chaperones to wear comfortable business attire that are suitable for walking, but representative of the scope of the event.

UW-Madison and the World Food Prize will be taking photos and video throughout the event to use for future marketing and participant recognition purposes. We ask that you and a legal guardian review (if you are under 18) and sign the attached photo permission form, and fax to (608)265-5905, or bring with you to the event.

As you review these materials and prepare to travel, please let me know if any questions surface. We look forward to seeing everyone on April 9th. Safe travels to campus!

Sincerely,

Tom Browne
